

Lettering Back-to-Basics Vacay!

Need a break from the routine?
 Want to learn the basics of lettering...
 While having fun?

For those new to the visual field, *Unlock Your Neuland Markers* (a free accompanying course) is a great way to get familiar with the tools we use as professional visual practitioners.

For seasoned lettering artists and calligraphers, this is all about getting back to the basics.

It's also a fun reason to get together to learn a new lettering style, play some games, get to know others in and outside of our field, and is the funnest way to complete the prerequisite to *Level Up Your Lettering VIRTUAL* and in-person workshop.

Grab your favorite mark-making tools and join us for **4 live sessions:**

Tuesdays, October 6, 13, 20 & 27 :: 6pm - 8pm MDT
The sessions will be recorded and can be accessed anytime. You will also be invited to all future live sessions at no additional cost.

Upon registration, you will receive a 15% voucher code for Neuland products.
